

Locations Not Measured

This report lists Component locations that have not had a condition assessment since a specified date

The top portion summarizes Total Locations, Locations on a Task, Locations Measured, and Locations Not Measured

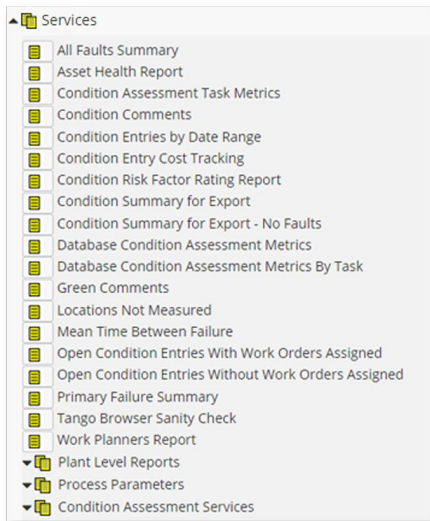

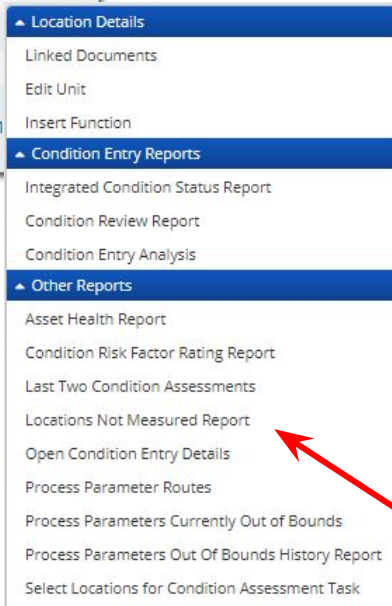

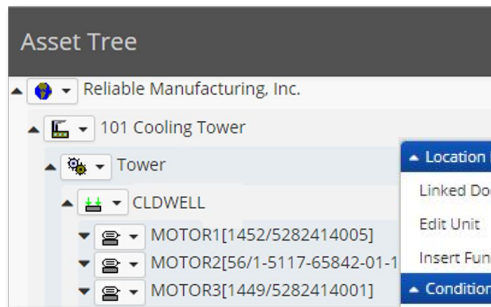

The lower portion* lists locations not measured by Unit, Function, Asset, Asset Component, Criticality, Date Last Measured, and Task.

The “Locate in Tree” button is in the left-most column.

Search Options

Choose "Toggle Date Range" if you would like an end date other than today.

Choose a single method or *Any* to include all methods

Choose whether to show locations that are not on a task (by default, these are not shown)

The screenshot shows a 'Search Options' dialog box with the following elements:

- A header bar with a triangle icon and the text 'Search Options'.
- A text label 'Not Measured Since' followed by an empty text input field.
- A button labeled 'Toggle Date Range'.
- A dropdown menu labeled 'Technology' with 'Any' selected.
- A checkbox labeled 'Show Locations not on a Task' which is currently unchecked.
- A 'Search' button at the bottom.

Blue lines with brackets point from the text on the left to the 'Toggle Date Range' button, the 'Technology' dropdown, and the 'Show Locations not on a Task' checkbox.
